Dear Doug, Mike, Mike, Al, Joe, Rich, Rick, Sal, Dave, Seth, Chris, Tommy, Lisa,

I wanted to take an opportunity to send you each my heartfelt thanks and to tell you what an amazing job you and your team did in Queens.

You were all truly amazing! Every person on the site, the unskilled labor, the skilled labor, the office staff, the design team and the families who supported all of you.....were all incredible!

I can tell you that we have now produced 19 shows. I have personally been involved in the building of 3 of them and have overseen a total of 8 of them. I can truly say that **no one** has made the experience more rewarding for all involved. Not only have you touched a very special family but you have touched a community and an entire nation.

Savor the moment. You should be "extremely" proud. An experience like this comes but once in a lifetime.

Sincerely,
