Dear Sal,

I just got back to Los Angeles from New York and wanted to tell you how proud I am to have worked with you and your team.

From the first moment, I knew we found the only company in New York State that could take our five days and nine hour show and compress it into twelve hours. Your vision of how to take this apartment and make the best use of space was nothing short of brilliant. The ability to organize the scope of work, and then to execute it shows why Alure is the top builder. It is the quality of your work that stands out. Building a house that is a home is the hardest part of the process.

I want to thank everyone on the team that made the New York Live show one of our best. Especially Doug Cornwell, who never stopped and always had a smile, to the hundreds of worker in front of and behind the camera who worked day and night for these firemen.

But you are the person who made it happen. Your can do attitude, great personality, and skills will always keep Alure the top builder of New York.

Thank you, thank you
